to the Province of Oudh, subject to the following exceptions and provisos:—

1. *Section III.* shall be subject to the following proviso:—

Provided that the Judicial Commissioner or any other Court exercising any appellate jurisdiction within the Province of Oudh may at any time within one year from the time of the passing or execution of any judgment or order by any Court subordinate to the said Appellate Court, call for such judgment or proceedings without any regular appeal or application for review having been preferred against the same, and may, if he, or it, shall see sufficient grounds, revise and alter or reverse or confirm the same. But that in such case, before revising, altering, or reversing any one judgment, or order, the said Judicial Commissioner, or it, shall cause the same notice to be given to the party in whose favor the said judgment, or order, was pronounced; and the same opportunity to such party to be heard in support thereof, and the same proceedings to be taken as if a Memorandum of appeal had been filed by the party aggrieved thereby.

2. *Section XVII.* is excepted, and the term recognized Agent is defined as follows, viz., a permanent servant, partner, relation or friend, whom the Court may admit as a fit person to represent a party, and especially persons holding Powers of Attorney from absent parties, persons carrying on business on behalf of Bankers and Traders, Managing Agents of Landholders, nearest male relations of women, and persons ex-officio authorized to act for Government, or for any Prince or Chief.

3. *Section CXI.* shall be subject to the following limitation: It shall not be obligatory on the Court to decide *ex parte* in the absence of Defendant, but the Court may proceed to compel his attendance under the following Rule, being the Rule now in force in Oudh:—

Rule. If the Defendant does not appear, it shall be at the discretion of the Court to issue a Warrant to arrest him and detain him till another

The notes must be legible, complete, and properly arranged, must attest the presence of the witness at the time, and mark every postponement and change of time and scene, so that their *bona fide* character may be apparent. Every essential point must be noted, but mere surplusage may be omitted. These notes shall be filed and shall form part of the record of the case. Provided that in cases tried by a European Officer, who has not passed the examination in the Native languages prescribed for Assistant Commissioners exercising special powers, the evidence of witnesses shall also be recorded, at length, in their own language.

5. *Section CCI.*—So much of this Section as renders land liable to sale in execution of a decree will be subject to the restrictions on the sale of land prescribed by the following Rule, being the local Rule now in force in Oudh:—

FINANCIAL DEPARTMENT.

No. 13981.

FROM THE SECRETARY TO THE GOVT. OF INDIA,
FINANCIAL DEPARTMENT,

TO THE PRESIDENT, MILITARY FINANCE DEPT.,
FORT WILLIAM.

SIR,—I AM directed to acknowledge the receipt of your letter No. 12343., dated the 8th instant, submitting, for the consideration of His Excellency the Governor General in Council, how far changes shall be introduced into the Estimates of Depart-

"15. Heads of Departments will have every opportunity of showing means of diminishing expenditure in these Estimates, which however will afford no scope for creating extra officers, adding further emoluments to existing ones, nor even for making organic departmental changes, although not affecting the total expenditure of the Department. All such desired changes should invariably be brought forward in time for full discussion before the preparation of the Estimates, in order to obtain

previous permission, and suggesting, for adoption, the course prescribed in paragraphs 15 and 16 of the Report of the Military Finance Commissioners, No. 7 of the 15th June 1880.

"the sanction of the constituted Controlling Authorities, and in case of changes having been sanctioned since the preparation of the previous year's Estimate the authority under which sanctioned should be referred to in that which includes them for the first time."

"16. No definite Rule can at present be suggested as to the extent of investigating that each projected alteration should undergo, which must depend on the importance of the measure; but whilst considering that facilities should be given for making improvements, it appears to be obvious that all prominent changes such as those affecting the pay, pension or rations of Soldiers, or the creation of new staff appointments, should previously receive the definite sanction of the Government of India and sometimes that of the Home Government. On the other hand changes of minor importance connected with Departmental Establishments may be safely left to the decision of the local Governments, and by them in some instances delegated to Heads of Departments, but all such changes whether improvement or otherwise, as also the reasons for making them, should invariably be placed on record at the proper time when made, in order to admit of a judgment being hereafter formed as to how far the anticipated effects have been realized."

2. In reply, I am to state that His Excellency in Council approves of the Rules proposed by you, and is pleased to sanction its adoption, with the exception of the word "*organic*" used therein, which conveys no distinct meaning, and should therefore be omitted.

3. I am to add that Heads of Departments are already charged on their Official responsibility not to make any changes in the Budget Estimates without the sanction of the Local Governments. The correspondence authorizing all

changes should be quoted (copies accompanying the Estimates), and all changes of any description specially brought to notice and fully explained.

4. With reference to your remark that "it is of great importance to know what is intended to be the scale of the year,* and that you would therefore urge that the Establishments which are expected to be maintained be those of the last month of the ensuing year, and all savings or increases be shown separately, so that the exact payment in each month may be clearly seen," I am to observe that His Excellency in Council considers the course proposed as likely to lead to confusion, and tend to make the Estimates less trustworthy than under the Rules now in force.

5. The Budget and Audit Committee, in paragraph 49 of their Report, No. 6, dated 27th October 1880, observe that "with respect to the manner in which the sums to be entered should be calculated, the object is to secure as correct a Return as possible of the *scale of Receipts and Expenditure of the year*. Every head of receipt must be examined with reference to the known expectations of Government, the sums given in the Rent Rolls and the average receipts on account of former years must be looked to, the circumstances likely to lead to an increase or decrease of these receipts must be carefully weighed, and as accurate a calculation as possible of the eventual out-turn must then be made. In estimating the expenditure again, the sums for which sanction has actually been given by Government should, in the first instances, be ascertained; the probable amount that may be saved by temporary vacancies in appointments, or by absences or other causes, should then be estimated and the total amount of such savings entered as a deduction from the charge of the year. The charges under each head should invariably be placed at the lowest amount which may be deemed sufficient for carrying on the service of the Government." If in addition to

these calculations the sums are added, which, though not already sanctioned by Government, it is certain must be sanctioned in the course of the year, the *scale of the year* will, in the opinion of His Excellency the Governor General in Council, be as accurately estimated as it is possible to be.

6. These Rules are accordingly prescribed for the guidance of the Military Department.

I have, &c.,

No. 3854A.

Camp Kylar, the 18th December 1861.

With a view to facilitate the operation of the Banking System lately introduced into the Public Works Department in these Provinces, and to ensure uniformity, the following Rules are published for observance by Officers of the Public Works Department.

2. These Rules which have been modified from those in force in the Commissariat Department, as published at pages 1337-1341 of the Allahabad Gazette of 1861, will have effect from the 1st May next:—

Rules.

1. Cheques will be drawn as required by Executive Officers, upon the Officer in charge of the

Civil Treasury against the amount of credit assigned to them, respectively, by the Chief Engineer in each month. The Rules hitherto existing in regard to not exceeding, without special sanction, the amount of the letter of credit issued in any one month will continue to hold good.

2. No cheques shall be issued after the hour fixed by the Rules of the several Treasuries for closing payments. The daily letters of advice duly filled up should accompany the last cheque drawn, or be despatched to the Treasury before the hour for closing.

3. The accompanying forms of cheque and daily letters of advice are circulated, in order that Executive Officers may have a sufficient number

of each lithographed or printed for use. No deviation from these forms is to be permitted without the sanction of the Chief Engineer.

4. All payments requiring to be made by an Executive Officer in excess of Rupees 25 shall be made by cheques.

5. Large sums, which it is necessary for the Executive Officer to disburse under his immediate supervision, such as the Pay of Establishments, shall be drawn daily, as required, by cheques.

6. With the exception of the small sum that may be necessary to meet petty demands on an Executive Officer, no Cash shall be drawn beyond the amount to be paid away on each day.

7. If an Executive Officer finds it necessary to retain cash in hand for petty demands under Rupees 25 he can do so, but must make his own arrangements for the safe custody of such cash. It is not advisable, however, that a larger sum

than Rupees 500 should be thus retained in hand at any one time.

8. Each Executive Officer shall transmit daily to the Treasury on which he draws, a letter of advice showing all the cheques issued during the day.

9. Executive Officers will furnish Treasury Officers with a consolidated receipt in duplicate at the close of the month for the aggregate amount of cheques drawn during the month, whether paid or not, against each letter of credit. The original receipts should be forwarded by Treasury Officers with their Cash Accounts as vouchers, the duplicate receipts and the cheques being retained for record.

10. It is not intended that these Rules shall affect arrangements already made by any Executive Officers with Banks, nor that at Stations where there are no Civil Treasuries they shall take effect until Branch Treasuries may be established.

HOME DEPARTMENT.

No. 16.

Fort William, the 3^d January 1862.

Notification.—Whereas it is declared by the Ordinance passed by the Governor General of India on the 27th of December 1861, that until the Governor General in Council shall otherwise order, it shall not be lawful for any person to export Saltpetre from any part of Her Majesty's Territories in India, except in a British Vessel bound either to the Port of London or to the Port of Liverpool; and whereas it appears from the instructions since received from Her Majesty's Government that the prohibition to export Saltpetre from India so far as regards British Vessels is to apply only to such Vessels when bound to Ports not within the United Kingdom, the Governor General in Council is pleased to order accordingly that it shall be lawful to export Saltpetre on British Vessels bound to any Port of the United Kingdom anything in the said Ordinance notwithstanding.

By Order of the Governor General in Council,

W. GREY,
Secy. to the Govt. of India.

LEGISLATIVE.

The 3^d January 1862.

The following Ordinance, passed by the Governor General of India on this date, is promulgated for general information:—

AN ORDINANCE to prohibit the exportation of Saltpetre, except in British Vessels bound to the United Kingdom, passed by the Governor General of India, under the provisions of 24 and 25 Vic., cap. 67, on the 3^d of January 1862.

Whereas in a Despatch from the Secretary of State for India, dated the 3^d of December 1861,

the instructions of Her Majesty's Government have been received by the Governor General in Council to take immediate measures for preventing the exportation of Saltpetre from India, except in British Vessels bound for the Ports of the United Kingdom, and to cause any Saltpetre which previously to the receipt and contrary to the conditions of the said instructions may have been placed on board Vessels still in Port to be re-landed; and whereas in consequence of the said instructions the Governor General in Council has this day ordered that it shall be lawful to export Saltpetre on British Vessels bound to any Port of the United Kingdom, anything in the Ordinance of the Governor General of the 27th of December 1861 notwithstanding; and whereas it is expedient to make further provision for giving effect to the instructions now received from Her Majesty's Government; It is therefore ordered as follows:—

I. Until the Governor General in Council shall otherwise order, it shall not be lawful to export Saltpetre from any part of Her Majesty's Territories in India, except in a British Vessel bound to a Port of the United Kingdom.

II. All Saltpetre which previously to the promulgation of this Ordinance may have been placed for exportation on any Vessel still being within a Port of Her Majesty's Territories in India, and not being a British Vessel bound for a Port of the United Kingdom, shall be re-landed.

III. No Collector of Customs or other Officer shall grant a port clearance to any Vessel having on board Saltpetre, other than a British Vessel bound for the United Kingdom.

IV. If any person shall attempt to export Saltpetre contrary to the provisions of this Ordinance, the same shall be seized and confiscated.

V. Any Custom House Officer may without warrant seize Saltpetre liable to confiscation under this Ordinance.

Notification.—Notice is hereby given, that the Treasury of the Secretary of State for India in Council, and of Her Majesty's Indian Government at Calcutta, shall, from and after the first day of March 1862, be established at the Bank of Bengal. All payments to be made by or to the Secretary of State in Council, or to the Government of India, or the Government of Bengal at the

Treasury of the East India Company, or of the Secretary of State in Council, or of the Government at Fort William, shall and may from and after the abovementioned date be made at the said Bank of Bengal.

The issue of Government Promissory Notes provided for by Act XIX. of 1861, shall take effect from and after the aforesaid date.

The terms on which the business of the General Treasury and the Government Paper Currency shall be conducted by the Bank of Bengal, are contained in the following:—

AGREEMENT WITH THE BANK OF BENGAL.

MEMORANDUM of Agreement made and entered into this twenty-sixth day of September in the year of our Lord one thousand eight hundred and sixty one, between the Secretary of State in Council for India of the one part and the Bank of Bengal of the other part.

Whereas the Governor General of India in Council, under and by virtue of the provisions of Act VI. of 1859 of the Legislative Council of India, on the eleventh of February one thousand eight hundred and sixty-one, gave notice, in writing, to the Bank of Bengal, that from and after the expiration of twelve calendar months from the date of the said notice, the Bank of Bengal and its then powers and authorities would be modified, and by Act XIX. of 1861 the powers and authorities of the said Bank have been accordingly modified, as by that Act appears: And whereas at the time when the said notice was so given negotiations and arrangements were pending between the Governor General of India in Council (acting in the premises on behalf of the said Secretary of State) and the Directors of the Bank of Bengal, having for their object the transfer to the said Bank of the business of the Government Treasuries at Fort William and elsewhere in the Presidency of Fort William and the Provinces annexed thereto, and the superintendence and management by the said Bank, for the Government of India, of the issue of the then proposed Government Paper Currency: And whereas the general terms of the said proposed arrangement have now been finally settled and agreed upon between the Governor General in Council and the Directors of the said Bank, and by the said Act of 1861 the said Bank have been empowered to enter into an Agreement on that behalf with the said Secretary of State in Council: And whereas by Act XIX. of 1861 of the Legislative Council of India provision has been made for the issue by the Government of India of Promissory Notes payable to bearer, on demand. Now this Indenture witnesseth, that for the purpose of carrying out the said arrangement, and in consideration of the payments and covenants hereinafter respectively mentioned and contained, and by, and on the part of, the said parties to these Presents, respectively, to be paid and performed, each of them, the said Secretary of State in Council and the said Bank of Bengal doth and do hereby for himself and themselves, and his and their respective successors, covenant and agree with the other of them and their and his respective successors in manner following (that is to say):—

First.—From and after the day to be appointed by the notification mentioned in the 1st paragraph of these Presents, the business of receiving

and paying money on behalf of the Supreme Government of India and the Government of Bengal, heretofore transacted at the General Treasury at Fort William, shall be carried on and transacted by the Bank of Bengal, subject to the provisions of this Agreement, and to such orders and directions with regard to receipts and payments as may, from time to time, be given to the said Bank by the Governor General in Council or any of the Officers of the Government of India authorized in that behalf, and for the purpose aforesaid, such account or accounts shall be opened in their books by the said Bank with the Government of India and Government of Bengal, as the said Government of India shall, from time to time, direct.

Second.—The Cash Balance now in the General Treasury shall, from and after the day appointed by the notification aforesaid, be deposited with the Bank of Bengal, who shall also hereafter receive and hold for the said Government of India and Government of Bengal, respectively, all moneys and balances which, but for these presents, would have been received or held by the said General Treasury, and the Bank shall transact, at their principal Office in Calcutta, all such business for the Government of India and Government of Bengal, respectively, regarding the receipt, collection, payment, and remittance of money and securities and other matters, as is usually transacted by bankers for their customers.

Third.—That from and after the day appointed by the notification aforesaid, the said Secretary of State in Council shall pay to the Bank the actual costs and expenses of packing and shipping specie remitted under the preceding clause and for which costs and expenses Contingent Billa shall, from time to time, be submitted to the Civil Pay-Master, Fort William, for the time being, and be passed by him, on approval, and the said Secretary of State in Council shall, from and after the last-mentioned day, further pay or cause to be paid to the said Bank the yearly sum of Rupees forty-three thousand, six hundred and six in full of all costs and expenses attendant on the maintenance by the said Bank of the establishment of clerks and servants necessary for the carrying on of the said Government Banking account and business, and the Bank shall not charge any interest or commission on the said account, except under such arrangement as in the next following clause mentioned.

Fourth.—That so long as the average cash balance for any month in the hands of the said Bank on the said Government Banking account shall not exceed seventy lacs of Rupees, the said Bank shall be at liberty to use and employ such balance, subject to the provisions of their present Charter Act, or any future Act relating to the said Bank and to appropriate the profits arising from such employment, without being charged with any interest in account; And that when and so often as the monthly average of such cash balance shall exceed seventy lacs of Rupees, the Directors of the said Bank, for the time being, shall forthwith either set aside such excess or surplus in such manner as shall be kept in reserve in a separate cash room or place of deposit on account of the said Government of India, or shall at the option of the Directors of the Bank invest such excess or surplus on account of the Government of India, either in the purchase of Government Securities, or Railway Debentures guaranteed by Government, in the name of the Accountant-

General, or of such other Officers as the Government of India shall, from time to time, direct, or in the discount of Government acceptances or other claims against the Government, and so that such surplus shall be withdrawn from employment as part of the general funds of the Bank, and so on from time to time as often as an uninvested surplus cash balance above Rupees seventy lacs shall, on the taking of the monthly average, appear to be in the hands of the Bank. And the said Bank shall at all times be answerable and accountable to the Government of India for the surplus cash balance for the time being so set apart or invested, but shall be entitled to draw and apply the interest or dividends arising from such investment, from time to time, to their own use. But when and so often as the cash balance in the hands of the said Bank shall, on the taking of the monthly average, appear to have been less than Rupees fifty lacs, then, in addition to the profit which the said Bank may acquire by the employment of such balance, free from interest as aforesaid, an additional allowance or remuneration by way of compensation shall be made to the Bank by the payment by Government of interest on the difference between the amount of the actual balance of Government and the sum of fifty lacs, the interest being calculated at the average rate of interest paid by the public on fixed loans during the month.

Fifth.—That the books of account, and minutes of proceedings of the Bank relating as well to the said Government banking account and business as to the general accounts and business of the Bank, shall, from time to time, and not less than once, and not exceeding four times, in any one year, be submitted to the examination and audit of an Officer or Officers to be, from time to time, appointed or authorized by the Governor General in Council for that purpose, and the report of such Officer or Officers as to the state of the banking account between the Government of India and the Bank, or as to the cash balances invested or uninvested for the time being in the hands of the Bank, or as to any proceeding relating to the said banking account or business shall first be laid before the Directors of the Bank to enable them to furnish any explanation or further information touching any of the matters referred to in the report, and such report, together with the explanation, shall then be submitted to the Governor General in Council whose order, decision, or finding on such report shall be binding and conclusive on the Bank.

Sixth.—That from and after the day appointed in the notification aforesaid, an agency of issue shall be established at the principal Office of the Bank of Bengal as the Agency for the Circle of Issue (of Calcutta) under Act XIX. of 1861, and that the said Bank shall and will act as Agents for the said Secretary of State in Council and the Government of India, in and for the issue to the public at Fort William, and the circulation of the Government Currency Note established by the said Act, and in the payment and cashing of such Notes, and in all things required to be done by such Agents or at such Agency, under or by virtue of the said Act.

Seventh.—That all demands for the issue of Government Currency Notes that shall be made in the Circle of Issue of Calcutta, under the 9th Section of the said Act XIX. of 1861, may be

made at the said Agency at the principal Office of the Bank of Bengal at Calcutta: and that the said Bank shall and will, from time to time, issue and deliver from and at such Agency, such amount of the said Government Currency Notes as may be duly demanded or applied for at the said Agency, by any person or persons, or body or bodies corporate, desiring and entitled to have the same issued under the provisions of the said Act; and shall and will for that purpose, from time to time, apply to the Head Commissioner of the Department of Issue, established under the said Act, for such Government Currency Notes of such denominations as shall be necessary to enable the said Bank to make such issue and delivery.

Eighth.—That whenever the said Bank shall issue and deliver at and from such Agency any Government Currency Notes under the 2nd Clause of the said 9th Section of the said Act, in exchange for standard silver bullion, or foreign silver coin, or under the proviso in the said Section, in exchange for foreign gold coin or gold bullion, the said Bank shall and will, before such issue and delivery, require the production by the person tendering such coin or bullion of a certificate signed by the Master of the Calcutta Mint that such coin or bullion has been weighed and assayed and has been deposited in the Mint to the full amount in value of the Notes so to be issued, or shall otherwise satisfy themselves that such bullion or coin to the amount in value of the Notes so to be issued at the rates authorized in the said clause and proviso, respectively, has been deposited with the said Department of Issue to the satisfaction of the said Head Commissioner, according to such mode as shall, from time to time, be directed, with the sanction of the Government of India, by the said Head Commissioner.

Ninth.—That whenever the said Bank shall issue and deliver at and from such Agency any Government Currency Notes under the 1st or 3rd Clause of the said 9th Section of the said Act XIX. of 1861, in exchange for current silver coin of the Government of India, or for other Currency Notes of the Government of India, payable to bearer on demand, or of other amounts issued within the said Circle, or under the proviso in the said Section, in exchange for gold coin of full weight of the Government of India, the said Bank shall carry the amount of the said current silver coin or notes, or gold coin of the Government of India, received by it in exchange for the notes so issued, to the credit of the Issue Department of the said Government in such account as the said Head Commissioner, with the sanction of the Government of India, shall, from time to time, direct for that purpose.

Tenth.—That the said Bank shall not issue or deliver any of the Government Currency Notes provided and supplied to it by the said Head Commissioner for the purpose of being issued under the said Act, except to such person or persons, or body or bodies corporate as shall be entitled to demand the same according to the provisions of the said Act and shall have complied with the conditions of the 9th Section thereof, or otherwise than according to the provisions of the said Act.

Eleventh.—That the said Bank shall and will, during the continuance of these Presents, pay and satisfy on demand to the holders, the amount of all Government Currency Notes duly issued

according to the provisions of the said Act XIX. of 1861, either in Calcutta, or in any other Circle of Issue within the Presidency of Fort William in Bengal, which shall be presented for payment or conversion into cash at the principal Office of the Bank in Calcutta.

Twelfth.—That a settlement shall take place at least twice in every week, and if required by the Bank or by the Head Commissioner of the Issue Department, daily at the Office of the Bank in Calcutta, between the Bank and the said Department of Issue, in respect of the notes issued, the bullion or coin, and notes in exchange for which the same have been issued, and the notes cashed or converted, under these Presents or the said Act by the Bank, and the difference in Government Currency Notes or in cash and bullion (as the case may be) shall on such settlement be adjusted, transferred, and paid.

Thirteenth.—That so much of the business of the said Issue Department as shall, from time to time, be carried on at the Bank's Office, shall be under the direct control and inspection of the Head Commissioner of the said Department of Issue.

Fourteenth.—That the Bank shall, if required by the Officer in charge of the Government Issue Department so to do, provide and keep a separate strong room or strong box for the reception and safe keeping of all Currency Notes, coin, and bullion belonging to the said Issue Department, and such room or box shall be under the separate control of the said Issue Department, and its contents shall always be kept separate from the Bank funds and property, and shall be at the exclusive risk of the Government of India, except in case of loss through the neglect, default, or misconduct of the Bank or any of its Officers or servants.

Fifteenth.—That the Bank shall at any time during the continuance of this Agreement, when, and if, required by the Governor General in Council, but not otherwise, provide a sufficient and convenient office for the Department of Issue at Calcutta, and for the Head Commissioner of the said office, upon the premises of the said Bank in Calcutta, at which office the said Head Commissioner shall and may conduct the whole, or any such part, of the business of issue of the said Department of Issue as the Governor General of India in Council may, from time to time, direct, and that the Bank shall and will provide the necessary accommodation and establishment of clerks and servants for carrying out the current duties of the said Office.

Sixteenth.—That the whole responsibility for loss or damage that may be occasioned by, or arise in respect of, the theft or loss of any Government Currency Notes made under the said Act XIX. of 1861, from and after the time of the said Currency Notes being delivered from the said Department of Issue, to and at the said Bank for issue, or to any servant or Agent of the said Bank for delivery to the said Bank for issue, and the whole responsibility for any loss or damage that may be occasioned in respect of the wrongful payment, exchange, or satisfaction, through mistake, or otherwise, at or by the said Bank of any Government Currency Notes, which ought not to be paid, exchanged or satisfied, or of any forged or spurious Notes purporting to be Government Currency Notes, or in respect of the forgery or alteration of any Government Currency Notes, or in respect of

any error or mistake committed by the said Bank or by any of its Officers or Agents in conducting the Agency aforesaid, although the same shall have been conducted under the control and inspection of the said Head Commissioner of the Issue Department, shall, as between the said Secretary of State for India in Council and the said Bank, rest solely and entirely with, and shall be borne by, the said Bank, who shall have no claim upon the said Secretary of State in Council for compensation or indemnity for and in respect of any such loss.

Seventeenth.—That as and by way of remuneration to the Bank for their conducting as aforesaid, the said Agency for the issue of the Government Paper Currency and for cashing and converting such Notes after issue, the Bank shall be entitled to charge the said Secretary of State in Council with a commission, calculated at the rate of three-fourths per cent. per annum on the daily average amount of Government Currency Notes outstanding and in circulation through the said Agency of the Bank at Calcutta, and which commission may be debited to the said Secretary of State in Council in the said Banking account between the Government of India and the Bank, the amount of such cost to be established (if required) to the satisfaction of the Officer for the time being in charge of the said Issue Department.

Notification.

WHEREAS it has come to the knowledge of the Government that the fees now provided by Section 39 and Schedule B, of Act XL of 1859 for the registration of Taluaks, under-tenures, and Farms, under Sections 40, 43, and 44 of that Act, are so high as to deter the proprietors of small tenures from registering them, it is hereby notified that the rate will be reduced. Hitherto the fee for registering all under-tenures and Farms of which the jumma does not exceed Rupees 500 has been Rupees 25, but from this date persons applying for registry of such tenures and farms will only have to pay a fee calculated at 5 per cent on the jumma of the under-tenure or farm.

2. By paying this fee, Taluqdars and Farmers can have their under-tenures and farms registered so as to secure them in case of the Estate being sold for arrears of revenue; those who wish for registry should make applications to the Collector under Sections 40, 44, and 44 of the Act.

3. The same Act, Sections 10 and 11, gives to the Joint Shareholders in an Estate an opportunity of having a separate account opened by the Collector for the Sudder Jumma of their Estates. Any person for whose share such a separate account has been opened will no longer be in danger of having his share sold by auction in consequence of the default of any of his co-partner, unless the sale proceeds of the share in arrears be insufficient to cover the amount of the balance due to Government.
